

Assalamualikum, Greetings!

Dear Philanthropist,

A Humanitarian Appeal!

Fog is signaling the impending winter season everywhere. The country's winter prone districts of Panchagarh, Kurigram, Lalmonirhat, Thakurgaon, and Dinajpur have been affected by fog and chilly weather. The intensity of winter this year will be greater than last year, according to the Meteorological Department. Due to the severity of winter, dis-advantaged, children, aged, men, and women will greatly suffer in various parts of the country. Therefore, it is crucial to give winter clothes to the disadvantaged community affected by this natural calamity. In the recent years, with the financial assistance of "Let's Work for Bangladesh." we have regularly distributed blankets to many winter prone locations of Northern and Southern parts of Bangladesh. Prior to distribution of blankets, we make a list of truly disadvantaged and vulnerable people by going door to door, and in this case, we give preference to the elderly, physically challenged and sick people.

The blankets we distribute are made from Garment's leftover fabric. Which weighs between 2.8 to 3.5 kg. Each blanket is 7 feet in length and 6 feet in width. A blanket can be used for at least five years and by three individuals.

Photos of Blankets

We collect the blankets from the blanket factory in Sirajganj. The owner of the factory is a very generous person and because of the relationship we have had for the past few years, we buy at a slightly lower price than the wholesale price. The price of blankets increases slightly every year due to rising commodity prices.

Year	Wholesale Price	Our Purchase Price
2018	180	165
2019	210	180
2020	230	195
2021	240	215
2022	250	240

(Note: Blanket price includes transportation charges)

The blankets we provide usually last for 4 - 5 years. Therefore, every year we change the location and distribute to the new locations.

(Note: In the above list, priority is given to winter and poverty-stricken areas. Depending on the weather and financial situation, new places may be included, besides, we can distribute winter clothes to any part of the country, if necessary, In Sha Allah.)

We have planned to deliver blankets to the above-mentioned places periodically between **November 30th to December 7th**, In Sha Allah. (Note: This schedule may change due to various reasons). Last year with your generous support we distributed about 4000 blankets, this year we are expecting to distribute 5000 blankets In Sha Allah. Therefore, we humbly appeal to you to stand by the miserable, impoverished, dis-advantaged, unclothed children, aged, men, and women in Bangladesh.

Thank you.

Kind Regards
Mehedi Hasan
Universal Amity.
